

The screenshot shows the Microsoft Azure RemoteApp management interface. At the top, it says 'Microsoft Azure' and 'remoteapphyb1 preview'. Below this are navigation tabs: 'DASHBOARD', 'USER ACCESS', 'REMOTEAPP PROGRAMS', and 'SESSIONS'. A large banner states: 'Your RemoteApp service is being created. Follow these steps to get started.' with a checkbox for 'Skip Quick Start the next time I visit'. The main content area lists three numbered steps:

- 1 Link a RemoteApp services virtual network**
  - link a remoteapp virtual network (checked)
  - get script
  - get key
  - join local domain
- 2 Link a RemoteApp Template Image**
  - link a remoteapp template image
- 3 Publish RemoteApp Programs**
  - publish remoteapp programs
  - configure user access
